Congratulations! You have successfully installed FUDforum and are well on your way to creating a vibrant community that you and your members can enjoy for years to come. :-)

To get you started, please read the documentation on our wiki and report any problems on the support forum at http://fudforum.org. You are also welcome to join us on irc.freenode.net in the FUDforum channel.

Login and head over to the Admin Control Panel to start configuring your forum.

Thanks for using our software.

Enjoy!
